Labs

There are several computer labs available for the College of Business faculty members and students. Each lab has 30 PCs equipped with Microsoft Windows 10, Microsoft Office 2016, Internet Explorer, Acrobat reader, visual studio, SPSS, Oracle 11g, Java, winzip, winrar and wireshark. In addition, each computer has a 17-inch screen, a CD reader/writer and connected by gigabit Ethernet card to the campus network with Symantec antivirus. Some PCs may have additional software installed to meet the demands for a particular course. These labs are used for teaching Math for Business courses, Statistics for Business Decision Making courses, and MIS courses such as programming, web engineering, DBMS, and project management in addition to accounting information systems.
